Why Should YOU Attend?

- ◆ **Review** current placement patient criteria set by the American Society of Addiction Medicine.
- ◆ **Discover** how the criteria help you transition from a fixed, program-driven treatment to a flexible, assessment-based, clinically-driven treatment.
- ◆ **Determine** how to make the best judgments on placement needs for your clients based on ASAM PPC-2R levels of care.
- ◆ **Learn** about the six ASAM placement dimensions and how they relate to the proposed changes in North Dakota Administrative Code Chapter 75-09 for Alcohol and Drug Programs.

Gerald D. Shulman

Gerald Shulman, M A , M A C , FACATA, is a clinical psychologist who is board certified by the Academy of Psychologists Treating Addiction. He is also a Master Addiction Counselor and a Fellow of the American College of Addiction Treatment Administrators. He has been providing or supervising the delivery of care to alcoholics and drug addicts full time since 1962.

With over 80 published articles and instruments, he is the author of all three editions of the ASAM Patient Placement Criteria. He also served as a workshop facilitator for two of the CSAT's TIPs. He provides training and consultation in a variety of areas designed to improve treatment outcomes through his company, Shulman and Associates, Training and Consulting in Behavioral Health, located in Jacksonville, Florida.

Throughout his career, he has delivered thousands of workshops and is characterized by others as an inspiring leader, supervisor, and an excellent trainer who is committed to quality treatment and recognizes the need for cost-effective care.
